<b>TITLE</b>	<b>Create a Form</b>

## NODE RED – FORM CREATION

The screenshot shows the Node-RED web interface in a browser. The 'Edit form node' panel is open, showing a table of form elements. The table has columns: Label, Name, Type, Required, UIRows, and Remove. The elements are:

Label	Name	Type	Required	UIRows	Remove
Name	Medicine name	Text	<input checked="" type="checkbox"/>	1	
Time	Time	Time	<input checked="" type="checkbox"/>	1	
Day	Date	Time	<input checked="" type="checkbox"/>	1	

Below the table, there is a '+ element' button and a 'Buttons' section with 'submit' and 'cancel' buttons. The 'Enabled' checkbox is checked. The 'debug' console on the right shows a series of 'hello world' messages.

Click on Done after creating the form

## NODE RED – FORM USAGE

The screenshot shows the 'Add Medicine' form in the application. The form has a blue header with the text 'Add Medicine'. Below the header, there is a 'Default' section with the following fields:

- medicine:
- Time:
- Date:

At the bottom of the form, there are two buttons: 'SUBMIT' and 'CANCEL'.
